PROFESSIONAL SUMMARY

B. Tech Information Technology graduate focused on software development, with project experience in Flutter, Dart, Python, Flask, REST APIs, and Firebase. Developed mobile applications for meeting summarization and senior citizen care, including a project recognized with exhibition award. Interested in entry level software developer roles involving backend development, mobile applications, and API integration.

TECHNICAL SKILLS

- **Languages**: Python, Java, JavaScript, Dart
- **Mobile & Frontend:** Flutter, HTML5, CSS
- **Backend & APIs**: Flask, REST APIs
- **Database**: Firebase Firestore, MySQL
- **Tools**: Git, GitHub, VS Code, Postman, Figma, Docker
- **AI & Automation:** NLP, Speech-to-Text, OCR, Google Vision API, spaCy, BERT, n8n, AI Agents.
- **Core Concepts**: Data Structures, OOP, Algorithms, DBMS, Computer Networks

PROJECTS

Smart Meeting Minutes Generator (Mobile Application) 2025-26

- Developed an meeting-minutes system designed to convert Jitsi meeting audio into transcripts and structured summaries, decisions, and action items.
- Built a Flask REST API and a separate Node.js/Playwright bot service to coordinate meeting processing.
- Added transcript processing and evidence validation logic intended to keep extracted decisions and action items grounded in the discussion.
- Source Code: https://github.com/anjanaav/Smart-Meeting-Minutes-Generator

CARE-O: Senior Citizen Care Platform (Mobile Application) 2024-25

- Developed a Flutter mobile application concept to support senior citizens through daily care, wellness, entertainment, and family connectivity.
- Integrated Firebase Authentication, Cloud Firestore, and Firebase Storage for the features supported by the implementation.
- Implemented Guardian - Senior account connectivity using time limited connection codes

EXPERIENCE

Generative AI & ML Intern @ QNAYDS LLP | July 2024

- Applied Generative AI and ML fundamentals to hands-on exercises, including prompt engineering for practical use cases.
- Gained exposure to real-world AI tool workflows and automation concepts.

CERTIFICATIONS

- Python using AI tools - *June 2026*
- Generative AI & Prompt Engineering — *July 2024*

EDUCATION

B. TECH in **INFORMATION TECHNOLOGY -** Government Engineering College Idukki, Painavu — *October 2022–May 2026*

HIGHER SECONDARY EDUCATION Government Higher Secondary School Villadom, Thrissur — *June 2020–March 2022*

SSLC Holy Family C.G.H.S.S Chembukavu, Thrissur — *June 2019–March 2020*

ACHIEVEMENTS & AWARDS

- Secured Second Prize in Future25 Project Exhibition for Care-O (2025)
